SERVICES OFFERED

COMMUNITY RESOURCE GUIDE – The Volunteer and Information Staff has developed and maintains a comprehensive directory of social services available in Henderson, Union, and Webster counties in Kentucky, along with a few Evansville, IN agencies. The Community Resource Guide also contains information on local, state and federal government offices as well as licensed day care facilities. The Community Resource Guide is produced every two years and available to any agency, church, business or individual to purchase.

VOLUNTEER CONNECTION AND RECRUITMENT – The Volunteer and Information Center serves as a volunteer recruitment agent for non-profit agencies in the Henderson community. Volunteers are served by being provided with information and options regarding volunteer opportunities. Weekly volunteer opportunities are listed in the local newspaper and on local radio and television stations.

DENTAL Assistance PROGRAM – The Volunteer and Information Center in connection with the Presbyterian Church of Henderson work together to assist individuals in need of dental care. The Volunteer and Information Center serves as a screener and clearinghouse for this program. Applicants are sent to the Volunteer and Information Center to make application for dental assistance. If the individual meets the criteria required for assistance their application is then sent to the Presbyterian Church for final approval of service.
