

Advanced Manufacturing Technician Program

Based on the nationally-recognized Toyota Advanced Manufacturing Technician (AMT) and Computerized Manufacturing and Machining (CMM) programs, this learn and earn program allows students to earn an industry-recognized degree while gaining valuable work experience at a manufacturing company. In five semesters, graduates will have earned an Associate's Degree from Henderson Community College and will have worked approximately 1,800 on-the-job hours at a sponsoring company.

Program Strengths

- If selected, you will participate in the program's 40 hour per week, apprenticeship-style format and attend college two days a week while working three days a week (at least 24 hours) at your sponsoring company.
- You will be paid \$12/hour of work + 1/2 your tuition (or the equivalent).
- Current Kyndle FAME sponsors include Audubon Metals, Big Rivers Electric, Gibbs Die Casting, Hydro Aluminum, International Paper, Pioneer Plastics, Shamrock Technologies and Vibracoustic. More companies are ready to sponsor committed, hardworking students.
- When you graduate, you can continue on to a career at your sponsoring company (if the company elects to retain you), seek employment with another high-tech manufacturing company, or continue on to a Bachelor's degree and transfer to a university.

According to the National Association of Manufacturers,
"Skilled Technician" is the #1 unfilled job opening
in the U.S. today.

Graduates hired by these manufacturing companies
and others have the potential to earn as much as
\$65,000 yearly, plus excellent benefits!

Advanced Manufacturing Technician Program

How does the Kyndle FAME program work?

The Kyndle FAME program blends classroom instruction with onsite work experience at the manufacturing facility of a sponsoring company. Classes will be offered at Henderson Community College's Henderson Campus. Students who will be most successful are college-ready, with strong math skills and curiosity about how things work. HCC can help you prepare before you apply.

As a student of the Kyndle FAME program, you agree to:

- Attend two full days of classroom instruction/week;
- Earn a minimum of a "C" in every course to remain eligible, and,
- Work three days a week earning a wage set by your sponsoring company.

Who gets selected?

Along with the admission application, company personnel will review, interview and select potential students on the following criteria:

- *Academic Success*: measured through grades and class rank.
- *Math Capability*: measured through test scores such as ACT, KYOTE, etc.
- *Drug Free*: have a commitment to remaining drug-free.

Checklist for Program Application

Extended Deadline: April 12, 2019

- Complete the Kyndle FAME program application at <https://henderson.kctcs.edu/workforce-solutions/kyndle-fame/index.aspx>
- Apply to HCC online at <http://henderson.kctcs.edu> (no charge to apply)
- Interview with industry representatives
- Receive notification of admission / begin work at your industry site
- Begin classes on August 12, 2019 at HCC
